CHAIRMAN'S MESSAGE

It is with no small measure of pride that I look back and see over four decades of innovation, passion, outstanding service standards and the drive to always be our best. Four decades ago nobody would have thought that the UAE would achieve such greatness and world acclaim. We, at Al Murad Group, are proud of the fact that we have chartered a similar destiny with the nation, growing leaps and bounds; creating a legacy of success and achievements. We have come a long way from being a single minilab operation to becoming market leaders in the field of Consumer-Professional Photo Finishing Products and Services, Health Imaging Products, Access Control & CCTV systems, Industrial Non-Destructive Testing Products, Real Estate, Construction and Spa Services.

Our network of five FM Radio stations, Television Channel and our state of the art production studios continue to be the leading players in the media industry.

Our pragmatic dynamism has led to successful operations in the UAE and beyond, with a vision to be Global Leaders through Innovation.

Today, I can say with justified confidence that we will keep delivering cutting edge solutions and world-class innovation in the future too. The best is yet to come.

Abdulla Mohammad Al Murad
Chairman - Al Murad Group
